

EVERNEW[®]

Titanium Cookware

Evernew Inc. has been making titanium cookware for 15 years. Titanium is the ultimate material for use in backcountry travel. Not only is titanium exceptionally versatile, it's also lightweight like aluminum, stronger than stainless steel, and fully corrosion-resistant.

Evernew does not use PFOA. Because, PFOA raises strong concerns regarding human health - especially the effects on children. Our products use silicon based ceramic coating.

Titanium Cookware

ECA721 Titanium Non-Stick Deep Pot With Grip Handle 0.9L

Total Weight : 5.8oz/165g Capacity : 30.4 fl oz / Dimensions : 4.3 x 3.7 inches Frying Pan/Lid S : 8.5 fl oz / 4.3 x 1.2 inches
